Dance	600	1,100	2,150	4,300	4 SQ FT

NOTES:

This capacity guide is intended to provide average maximum capacities for quick approximation.

Factors to consider when determining what capacity tent you require are size and location of aisles, as well as local fire, building and liquor board codes.

Provision should be made for food serving areas, bars, stages, display areas and any other specially designated space.

All Marquee tents are modular and can be joined together in a variety of configurations to create larger free span areas.
